## 3. Analysis and Trends

Champion: AS Monaco wins the title with 71 points, confirming their dominance over the league. The gap with runners-up Paris SG is 7 points.

Relegation: Girondins de Bordeaux and Stade Brestois are relegated to Ligue 2. Both clubs suffered from a lack of consistency and an insufficiently productive attack.

Entertainment: With an average of 2.39 goals per match, the season met European standards. The number of 0-0 draws remained limited.

Attendance: Stadiums showed a satisfactory average fill rate. Derbies and top-of-the-table clashes remained the most popular events.

Transfers: The summer 2023 transfer window was marked by a high volume of activity, with several notable arrivals at top-table clubs.

Discipline: The number of red cards slightly increased compared to the previous season. The disciplinary committee issued several heavy suspensions.

Recommendations: (1) Continue investing in youth development to improve overall competitiveness, (2) Strengthen anti-violence measures in stadiums, (3) Develop digital content to broaden the audience.
